

ARVIND K GAUTAM

Enterprise AI & CX Transformation Leader · ASEAN

Singapore · +65 9833 0031 · avi.gautam@gmail.com · linkedin.com/in/arvindkgautam · magnisai.com

SUMMARY

Senior enterprise leader with 20+ years bridging sales, AI advisory, and CX transformation across ASEAN. Came up through contact centre engineering and solution architecture, moved into consultative sales, and now run a parallel track building Magnis AI: a multi-tenant SaaS practice for Indian SMBs and co-operatives. That mix lets me run an architecture conversation with a CTO and a value conversation with a CIO in the same meeting.

Currently Regional Director at SNUG Technologies, owning ASEAN sales and solution consulting for an AI-first CCaaS platform. Previously at Avaya for over 15 years, ending as Regional Lead for enterprise tech sales and CX transformation across BFSI, Insurance, Telecom, and Public Sector. Top 1 percent Global Performer, Avaya Circle of Excellence FY23. Hands-on with OpenAI API, RAG architectures, agentic workflows, and N8N automation.

CAPABILITIES

Enterprise Sales & GTM · Complex multi-country deal cycles, 6 to 14 months · MEDDIC and consultative selling · C-suite engagement · Sales team leadership and P&L · Channel and SI partner development · Multithreaded stakeholder management

AI & CX Advisory · GenAI and agentic AI architecture · RAG-based knowledge systems · CCaaS and contact centre transformation · Conversational AI and business messaging · AI governance for regulated industries · Workshop facilitation and roadmap design

Build & Ship · Multi-tenant SaaS architecture · N8N workflow automation · Document extraction and processing · WhatsApp, Telegram, web messaging · Self-hosted infra (Hetzner, Fly.io) · Claude Code, React Native, Supabase

DOMAIN FOCUS

Verticals · BFSI, Insurance, Telecom, Public Sector

Geography · Singapore (base), Indonesia, Thailand, Malaysia, Philippines, Vietnam, India

Platforms & Tech · Avaya, Genesys Cloud, Amazon Connect, Google CCAI, Cognigy, OpenAI API, RAG, N8N, Agentic AI, WhatsApp Business Platform

PROFESSIONAL EXPERIENCE

Regional Director, Sales & Solution Consulting, ASEAN · SNUG Technologies

Apr 2025 — Present Singapore

Driving enterprise tech sales and solution consulting for an AI-first CCaaS platform across mid-market and enterprise accounts in BFSI, Telecom, Insurance, and Public Sector.

- Closed the first AI transformation deal in ASEAN for the SnugDesk CCaaS platform, now the regional reference account. Active enterprise pipeline at multiple times quota coverage.
- Built channel and SI partner networks across Indonesia, Thailand, and Singapore. Partner-referred pipeline began producing within the first quarter.
- Ran joint architecture workshops with enterprise CTOs covering agent assist, knowledge copilots, conversational self-service, and business messaging across WhatsApp, Telegram, and web.
- Built a RAG-based enterprise knowledge management chatbot end-to-end on OpenAI API and N8N. Delivered AI-driven document extraction and workflow automation. Product and development advisor for the SnugDesk platform.

- Sold AI-powered process automation to a Tier-2 Indonesian insurer, delivering significant reductions in employee processing time and meaningful improvement in claim closure rates.

Regional Lead, Enterprise Tech Sales & CX Transformation, ASEAN · Avaya

Mar 2023 — Feb 2025 Singapore

Owned the ASEAN enterprise sales portfolio across Tier-1 BFSI, Insurance, and Telecom accounts in five countries. Line-managed a regional team of senior Account Executives carrying team quota, alongside direct ownership of strategic accounts.

- Top 1 percent Global Performer, Avaya Circle of Excellence FY23. Highest customer retention across Asia-Pacific; consistent quota over-attainment across the portfolio.
- Significant uplift in team revenue realisation through restructured delivery governance and tighter alignment of KPIs to renewal and expansion outcomes.
- Sold AI-powered contact centre transformation across major BFSI accounts including Standard Chartered (AI routing), OCBC (omnichannel and AI), UOB (AI agent assist), and led account ownership on BNI Indonesia. Multi-million-dollar contracts on 6 to 14 month cycles.
- Insurance vertical engagement with Manulife and Prudential. Telecom transformation work with Singtel and AIS.
- Closed across the full portfolio: SaaS and CCaaS subscriptions, CPaaS and API platform sales, professional services, managed services, and renewals revenue.
- Mentored five high performers with three promoted; sustained team retention. Keynote speaker at Avaya Thailand on enterprise AI adoption in CX.

Professional Services Sales Lead, ASEAN · Avaya

Apr 2021 — Mar 2023 Singapore

- Comfortably exceeded booking targets through strategic account development and consulting-led sales. Significant growth in customer lifetime value through account expansion.
- Built and led a regional AE team carrying team quota. Ran pipeline reviews, forecasting, and onboarding across Singapore, Indonesia, Thailand, and Malaysia.
- Closed multi-phase transformation engagements with 6 to 14 month deal cycles across SaaS subscriptions, CCaaS platforms, CPaaS and API platforms, professional services, and renewals.
- Embedded Google CCAI and conversational AI into the consulting sales framework as a competitive lever. Opened new verticals previously outside the territory.

Professional Services Executive, Enterprise CX & Cloud Solutions, ASEAN · Avaya

Oct 2018 — Apr 2021 Singapore

- Strong over-attainment across Professional Services, Support, and Managed Services revenue targets.
- Led multi-country cloud migration programmes for Tier-1 BFSI clients including Standard Chartered, OCBC, and UOB.
- Shifted the client engagement model from reactive support to consulting-led, growing customer lifetime value meaningfully and stabilising recurring revenue.

Enterprise Pre-Sales Solution Architect, CCaaS & CX · Avaya

Aug 2016 — Oct 2018 Singapore

- Designed contact centre, CCaaS, CPaaS, and UCaaS solutions for major ASEAN enterprises. Led account ownership on BNI Indonesia. Other key engagements at Singtel, OCBC, and AIS Thailand.
- Architected AI and Bot Federation solutions integrating NLP-based chatbots with multi-cloud deployments. Demonstrated at GITEX Dubai 2018, recognised for innovative design.
- Managed the technical intersection of legacy CTI/IVR and emerging AI capabilities with BFSI regulatory compliance.

APS Consultant & Solution Architect, CX and Contact Centre · Avaya

Sep 2009 — Aug 2016 Singapore & India

- Seven years of hands-on contact centre architecture and delivery across Fortune 500 clients in APAC, NAR, and EMEA. Covered IVR/CTI, NLP chatbots, and automation.
- Led distributed engineering teams of 10+ across multiple geographies. Customer Excellence Award, Developer of the Year.

Earlier • Genesys Consultant, Ismart Panache (2009) • Sr. Software Engineer, AGC Networks (2008-09) • CTI/IVR Engineer, Real Soft and Parwan Telecom (2005-08)

PARALLEL PRACTICE : MAGNIS AI

Founder of Magnis AI Consulting and the Magnis OS product family, building practical AI products for Indian SMBs and co-operatives alongside the day role.

- MagnisOS Dairy : multi-tenant SaaS platform for Indian dairy co-operatives. Member onboarding, milk procurement, payments, and analytics in one stack. magnisai.com • app.magnisai.com
- MagnisOS Core : underlying CRM and operations platform for Indian SMBs. Real estate, dairy, and CoreERP verticals.
- Modi Protectarp : delivered structured AI tools audit and 12 month transformation roadmap for specialty manufacturing client.
- Crimson Inks : BRD and solution architecture for Kanpur-based specialty ink manufacturer.
